

**Holy Trinity CE School**

**Pupil Premium Procedure 2016/17**

## **Back ground Information**

The Pupil Premium is allocated to local authorities and schools with pupils on roll that are known to have been eligible for free school meals (FSM) at any time in the last six years.

In the 2016 to 2017 financial year, schools will receive the following funding for each child registered as eligible for free school meals at any point in the last 6 years:

- £1,320 for pupils in reception year to year 6
- £935 for pupils in year 7 to year 11

Schools will also receive £1,900 for each pupil who has left local-authority care because of 1 of the following:

- adoption
- a special guardianship order
- a child arrangements order
- a residence order

If a pupil has been registered as eligible for free school meals and has also left local-authority care for any of the reasons above, they will attract the £1,900 rate.

Children who have been in local-authority care for 1 day or more also attract £1,900 of pupil premium funding. Funding for these pupils doesn't go to their school; it goes to the virtual school head (VSH) in the local authority that looks after the child.

Children of parents in the armed services, who face particular challenges, are also eligible for an amount of funding. The level of this Service Child premium is currently £250.

It will be for schools to decide how the Pupil Premium is spent since they are best placed to assess what additional provision should be made for the individual pupils within their responsibility.

Whilst schools will be free to spend the Pupil Premium as they see fit, they will be held accountable for how they have used the additional funding to support deprived pupils. New measures will be included in the performance tables that will capture the achievement of those deprived pupils covered by the Pupil Premium. It is a requirement that schools publish online information about how they have used the premium. This will ensure that parents and others are made fully aware of the progress and attainment of pupils covered by the premium.

## **Aim**

Holy Trinity CE School aims to ensure that the funding associated with the Pupil Premium will positively impact on the learning of pupils entitled to Free School Meals.

## Funding

The school's allocation is calculated on the Census carried out in October and January to inform the budget allocation provided in April.

The school may have an increase or decrease in FSM numbers following this calculation.

The school does not allocate a proportion of funding per pupil, instead seeks to fund school activity that supports deprived children as a group.

Census: 65 FSM & 'Ever 6' pupils generating £85, 800 Expenditure

There will be three main areas of expenditure:

1. Staffing targeted at raising standards in the Literacy and Numeracy 2. Removing barriers that exist beyond the school.
2. Removing barriers to learning and ensuring pupils make good progress.
3. Removing barriers that exist beyond the school.
